# SERVICE BULLETIN

**MAX USA CORP.**

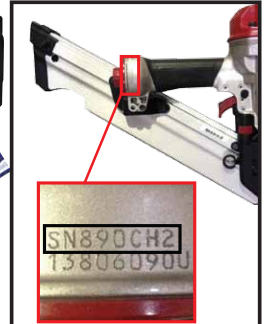

257 East 2nd Street Mineola, New York 11501  
Phone: 800-223-4293 Fax: 516-741-3272

**Name of Product:** SN890CH2<34>  
**Product Type:** Pneumatic Framing Nailer  
(For 30 or 34 degree collation nails)  
**Manufactured by:** MAX CO., LTD.  
**Distributed by:** MAX USA CORP.  
**Sold in:** USA and Canada  
**Manufactured in:** Thailand  
**Production Period:** Jun 2011 - Dec 2013  
**Incidents/Injuries:** None reported

## Model Number Identification

Blue sticker on the nail magazine contains "SN890CH2<34>"

End of the grip contains "SN890CH2"

**Hazard:** If the tool is exposed to sand and sand collects around the Trigger area, this condition can result in premature wear of internal components allowing the tool to eject a fastener by depressing contact arm only. This condition was confirmed only after the tool drives more than 500,000 nails. This can pose a serious injury hazard to the user or bystander.

## How to read the serial #

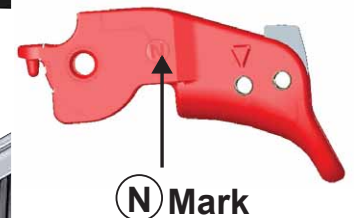

Example:  
August 2013  
Production

First two letters are year of production.  
Third letter is month (1,2,3 ....9, A = Oct,  
B = Nov, C = Dec)

**Tool owners should immediately upgrade their framing nailers. Other tool users should not use tools which do not have N mark on the Trigger and contact MAX for instructions how to obtain a free N Trigger Kit upgrade.**

## ID of the tools which are upgraded

**(N) Mark**

N mark is the ID of the tools which are upgraded and assembled with the new modified parts.

**To receive information, call : 800-223-4293 (MAX USA CORP.)  
Monday through Friday between 9:00AM and 5:00PM (EST)**
